Executive Assistant to DCI

3 August 1951

Director of Training

Weekly Summary Report

1. The Management Survey of the Office of Training continues.
2. Discussions have progressed with the Military Services on the proposed active-duty training by the Services of selected CIA career personnel. Removal of one major bar to a satisfactory agreement depends upon action not within the sphere of this Office - the lack of receipt by the Services of Defense level approval of the requested CIA quota increase of active-duty military personnel. This quota increase problem is being handled by Mr. Wolfe. The impact of the quota problem on the proposed training has been explained to Mr. [REDACTED] for discussion with Mr. Wolfe.
3. Four CIA employees have been accepted for the Strategic Intelligence School course convening 20 August.
4. The report of a proposed Agency career corps program, approved in principle by the Director and by Assistant Director (Personnel), is being reproduced for distribution next week to key Agency officials for their comments and recommendations.
